CADAC certification/LADC Licensing — Cambridge College strives to offer the appropriate educational requirements for certification by MBSACC and licensing by The Massachusetts Dept. of Public Health. Additional courses may be required for CADAC certification in other states; consult the program coordinator.

Students are responsible for monitoring and understanding state requirements and regulations, and for ensuring that their program of study complies with all requirements for certification/licensure.

Addiction Counseling is for people who are committed to substance abuse/addiction treatment, education and prevention:

- Individuals seeking careers as certified alcohol and drug counselors.
- Currently practicing counselors.
- Practicing clinicians who wish to develop academic and professional credentials.
- People interested in expanding their skills in treating new populations of clients.

The courses provide education in the **five domains** of assessment, counseling, education, professional responsibilities, and case management.

The program emphasizes the **twelve core functions** of a substance abuse counselor as identified by the International Certification and Reciprocity Consortium/Alcohol and Other Drug Abuse, Inc.: screening, intake, orientation, assessment, treatment planning, counseling, case management, crisis intervention, client education, referrals, reports and record keeping, and consultation with other professionals.

Professional ethics for substance abuse professionals include the six requisite areas of client welfare, professional competence, professional accountability, financial concerns, emotional health, confidentiality.
