

Master of Education Leading to Massachusetts INITIAL LICENSURE

# School Guidance Counseling

48 credits • 5 terms • Program approved by the Massachusetts Dept. of Elementary & Secondary Education for the preparation of school guidance counselors (PreK-8 or 5-12).

**Out of State Educator Licensure Programs:** Cambridge College has temporarily suspended new enrollment in out of state licensure programs while pursuing national accreditation through the Teacher Education Accreditation Council (TEAC), except for Puerto Rico which continues to accept new enrollment in its certificate program with limited jurisdiction to Puerto Rico.

**School Guidance Counseling** is treated as professional counseling which enhances child and adolescent students' access to high quality educational and vocational experiences and facilitates their ability to make good use of opportunities. The program emphasizes the role of the school counselor as a facilitator of educational reform, reducing barriers in the multicultural 21st century: a group worker skilled in developmental guidance, a practitioner helping students find their academic niche and aiding their academic achievement, a broker of educational and community resources, an interpreter of assessment tools, and a consultant to students, parents, and staff.

Part time students may take courses at a slower pace, but should follow the sequence below.

**Learning Outcomes**— School Guidance students develop their professional philosophy, principles and practices for their work with students and parents, teachers and administrators. They gain and apply knowledge of research in school guidance; the psychology of learning; curriculum frameworks and student testing; normal and abnormal intellectual, social, and emotional development; diagnosis and treatment of learning and behavior disorders. They learn strategies for prevention and treatment of substance abuse, physical and sexual abuse, the spectrum of mental illnesses, and violence in PreK-12 students. They gain resources and skills to effectively help students plan for post-secondary education and careers. They become familiar with relevant federal, state, and municipal laws and regulations; group counseling, leadership and consulting techniques; and school and community resources for referral.

### FALL or Term 1

- CSG691 Professional Seminar I: School Guidance Counseling & Graduate Research (Includes clinical journal, assessments, advisement, professional growth plan)\* . . . . .2  
Take state test(s) required for licensure.

\* Core courses

**Course offerings plan for Cambridge**, subject to change without notice. Regional centers set their own schedules but offer the same program of study.

**Students are responsible** for:

- Checking with the appropriate state licensure entity to determine whether this program is accepted for licensure in their state.
- Discussing options for licensure practicum with the program coordinator or regional center director.

**Admission requirements:** Bachelor's degree and other general requirements.

**Program subject to change:** As Massachusetts or other requirements for programs and licensure change, the College reserves the right to alter the program.
