Security Policy

Cambridge College strives to protect the rights, safety, health, and welfare of everyone in the Cambridge College community. Compliance with all city, state, and federal laws is expected of all members of this learning community. Anyone who is victimized by, observes, or has knowledge of a criminal action should report it immediately. The College will investigate and take prompt, appropriate action. If the complaint is of a criminal nature, the local police department will be notified right away. In a medical emergency, the College will call an ambulance to take the person(s) concerned to the nearest emergency room (at his/her own expense if not covered by health insurance).

Any act or threat of violence, indecent assault, or conduct that may endanger any person on College property is prohibited, whether or not the victim chooses to pursue a criminal complaint. Where there is reasonable cause to believe that a member of the College community has violated College regulations, after a fair process the College may reprimand, suspend, expel, or dismiss that person.

Keep your personal property safe— Be alert to protect your belongings. Do not leave your purse, keys, laptop, or other valuables unattended. Theft, although rare, can happen. Please report any incidents to our security staff.

Cambridge & regional centers — Report emergencies and criminal actions to the nearest Cambridge College office, a faculty member, or the reception/security desk.

Rented classrooms — Report emergencies and criminal actions to a faculty member or any personnel in charge in the building. Call 911 if no staff are immediately available to assist.

NITE Summer Institute: Report emergencies and criminal actions to our host site's management and/or security officer, the nearest Cambridge College office on campus, or a faculty member.

About This Publication

This brochure presents Cambridge College's security policies and crime statistics. The statistics herein have been compiled from the best information available at the time of publication.

The federal Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act ("Clery Act"), requires all colleges and universities to annually compile and publish crime statistics. This annual report must include statistics of specified crimes reported to local police agencies that occurred on or near campus and on college-controlled or affiliated property. This pamphlet is distributed to all present members of the College community and will be made available, upon request, to all prospective students and prospective employees from the Office of Safety and Emergency Management and from the Office of Human Resources.
