

Podium Computers:

Cambridge College has adopted the HP Series Computer as the College's standard podium computer for use in most classrooms. For more information and specs on the hardware we support, visit the manufacturer website for a list of models we support:

Desktop Podium Machines:

HP [7900](#)

Laptop Podium Machines:

Lenovo [R61](#)

HP [6910](#)

Many locations now have standard classroom equipment set up with:

- Data Projector
- Internet connected Windows 7 Computer with standard software
- Cables to connect your own laptop

If there are no needs beyond displaying what is on the computer, everything can be done from the keyboard and mouse. Classroom podium computers and student lab computers throughout the college have been or are in the process of being converted from Windows XP to Windows 7.

For information, or to place a service request please contact the Cambridge College IT department by placing an [ehelpdesk ticket](#) or call (617) 873 – 0159 or toll free at (800) 877-4723 Ext.1159.
