## Operating System:

Cambridge College has adopted Windows 7 and the Microsoft Office 2010 as their primary operating systems and business tools.  Microsoft Office is a suite of productivity software used widely in both educational and business environments. Microsoft Office includes Word, Excel, and PowerPoint. Each version of Office also comes with email and calendaring software — Outlook for Windows and Entourage for Mac.

## Special Software Purchases:

You must be a member of an academic institution to qualify for ordering academically discounted software. The academic software discounts offered on our website are not for the general public. You will be required to provide proof of your academic affiliation during the registration process in order to take advantage of the discounted prices.

To purchase, go to the Cambridge College Software Purchasing Portal.  You must first register as a Cambridge College student, faculty, or staff member before you login to view discounted software prices.
