The screenshot shows a LogMeIn dialog box titled "Connecting to remote computer CAMAHUNTD07.cambridge.edu". It prompts the user to enter their username and password. The "Log on to" field is a dropdown menu with "CAMBRIDGE" selected. A red arrow points to this dropdown menu with the text "Use the drop down list to select CAMBRIDGE". Below the input fields are "Login" and "Cancel" buttons. At the bottom, there is a checkbox for "Initiate Chat with User after login." and a status message: "The host computer keyboard and mouse are currently active."

Use the drop down list to select **CAMBRIDGE**

Remember: Do not enter your LogMeIn ID and password. This will result in Error 1326 or Error 5 (incorrect user name and password).

Your session begins upon successful authentication. The first time you start a remote session you may be asked to install the LogMeIn Client app or an Internet Explorer browser plug-in to the computer you are using to initiate the remote session.
