

CAGS in Educational Leadership

Certificate of Advanced Graduate Studies

For licensure or non-licensure: 36 credits*, 4 terms full-time • Program approved by the Mass. Dept. of Elementary & Secondary Education (ESE) for • Superintendent/Assistant Superintendent (all levels) • Principal/Assistant Principal (levels PreK-6, 5-8, 9-12)

The **CERTIFICATE OF ADVANCED GRADUATE STUDIES** (CAGS) program in EDUCATIONAL LEADERSHIP LEADERSHIP is a postmaster's option designed for educators to advance their knowledge and skills specific to leadership in P-12 schools and districts. The focus is to advance teaching and learning through school transformation in one of three concentrations: (1) school administration, (2) curriculum, or (3) special education. The program is based on standards upheld by the Educational Leadership Constituent Council and follows the Massachusetts Department of Elementary and Secondary Education's (ESE) Professional Standards for Administrators. Emphasized is the role power and politics play in schools and districts along with research skills and data analysis required to support and advance caring, competent, and qualified teachers and school leaders.

Outcomes — Graduates: (a) demonstrate a knowledge of and sensitivity to school and system organization; (b) understand that improving teaching and learning is an intricate process that requires a willingness to change, an educational vision, and persuasive communication; (c) pursue action research and data collection to inform decision making and create meaningful professional development for faculty; and (d) explore technology, inclusive strategies for reaching a diverse student body, and develop skills in teaching students with special needs and those for whom English is a second language. As a result, graduates perceive their educational setting as part of a larger system and are able to identify workable solutions for positive change supportive of teaching and learning.

Careers — Graduates enter into the full range of school leadership positions in public, private, and charter schools and in corporate and community education. Positions held include teacher-leaders, department chairs, assistant principal, and principal. In addition, graduates hold offices at the district level as coordinators, directors, assistant superintendents and superintendents.

An administrator license is required for employment half-time or more as director, department head, or curriculum specialist.

All students enter the CAGS program in the non-licensure path and, upon completion of their first term, declare an area of concentration (School Administration, Special Education Administration, Curriculum & Instruction) along with their intent to pursue licensure specific to the Commonwealth of Massachusetts either as a Superintendent/Assistant Superintendent (all levels), Principal/Assistant Principal (either 5-8 or 9-12), Supervisor/Director (at level of prerequisite license), or Special Education Administration (all levels).

Requirements for CAGS-Non-Licensure

All CAGS components are required except for those specific to licensure (e.g., the Massachusetts Communications and Literacy MTEL, SEI, and/or MA-PAL). Alternative assignment to fulfill the practicum requirement may be offered at the discretion of faculty.

Program and course schedule subject to change.

Program chair: Charles Grandson, EdD charles.grandson@cambridgecollege.edu
