

Teacher of Students with Moderate Disabilities (PreK-8) • CIP code 131001

For licensure: 36-39* credits, 4-5 terms full-time • Non-licensure: 31 credits, 3-4 terms full-time
Program approved by the Mass. Dept. of Elementary & Secondary Education (ESE)

The Teacher Education Program at Cambridge College is awarded **TEAC accreditation** by the Inquiry Brief Commission of the Council for the Accreditation of Educator Preparation (CAEP) for a period of five years, from May 2014-May 2019. The accreditation does not include individual education courses that the EPP offers to P-12 educators for professional development, re-licensure, or other purposes.

Program Description — The Teacher of Students with Moderate Disabilities program prepares graduates to be caring and competent special education teachers and leaders with the essential and critical skills to make the general education curriculum accessible to all students, especially those with moderate disabilities. The program meets the regulations for licensure of Teacher of Students with Moderate Disabilities PreK-8. Program completers are career-ready, technologically savvy, exhibit inter-cultural competence and are equipped to advance social justice.

Learning Outcomes — Graduates are knowledgeable of the public school curriculum and ways to engage students with moderate disabilities in accessing that curriculum. They utilize educational terminology specific to mild to moderate disabilities. They prepare, implement, and evaluate Individualized Education Programs (IEPs); design or modify curriculum material and classroom environments for students with moderate disabilities. They are familiar with augmentative and alternative communication and other assistive technologies; are knowledgeable of services provided by other agencies; federal and state laws and regulations pertaining to special education; child development, including basic theories of cognitive, social, emotional, language, and physical development from childhood through adolescence; and of characteristics and instructional implications of moderately and severely disabling conditions. They utilize inclusive practices to create a safe and collaborative learning environment that fosters positive socio-emotional development. They set high expectations for all students; implement well-structured lessons, with measurable assessments of learning; and engage in ongoing reflection on practice.

Careers — Students who complete this program are eligible to be special educators in grades preK-8 as a co-teacher, consulting teacher or teacher of record in resource room settings.

Non-licensure option: All program components are required (including pre-practicum) *except* for SEI, Practicum Readiness course, Practicum, Practicum Seminar, and MTEL exams.

***Program credits:** 36 credits total if SEI is completed before enrollment, 39 credits if SEI is completed at Cambridge College.

Online courses: 50% or more of your Cambridge College courses may be fully-online. International students may take only one fully-online course in any term.

Program and schedule subject to change.
