

Teacher of Students with Moderate Disabilities PreK-8

For licensure: 48 credits, 4-5 terms full-time • Non-licensure: 40 credits, 3-4 terms full-time
Program approved by the Mass. Dept. of Elementary & Secondary Education (ESE)

The Teacher Education Program at Cambridge College is awarded **TEAC accreditation** by the Inquiry Brief Commission of the Council for the Accreditation of Educator Preparation (CAEP) for a period of five years, from May 2014-May 2019. The accreditation does not include individual education courses that the EPP offers to P-12 educators for professional development, re-licensure, or other purposes.

The **TEACHER of STUDENTS WITH MODERATE DISABILITIES** program prepares special education teachers and leaders to be caring and competent, with the essential and critical skills to understand the use of diverse curriculum design and development. Graduates are prepared to become highly motivated educators who are practitioners of educational innovation, and meet the regulations for licensure of Teacher of Students with Moderate Disabilities PreK-8.

Outcomes — Graduates demonstrate the knowledge, skills and values necessary to enable their students to excel academically and socially. They understand how moderate disabilities affect progress in learning academic content of the general curriculum that their non-disabled peers learn. They understand their responsibility to provide strategies for their students to access the regular education curriculum.

Careers — Students who complete this program will be eligible for licensure to teach in grades preK-8 as a co-teacher, a consulting teacher or a teacher of record in resource room settings.

Professional Seminar & Project7 credits

ESP691N-692N Professional Seminar in Special Education-Initial (2 terms @ 2 credits)
